

Driehaus US Small Cap Equity Fund

A share class

Objective

The investment objective of the Fund is to achieve long-term capital growth.

Investment Strategy

The Fund's Sub-Investment Manager, Driehaus Capital Management LLC, is a privately-held boutique asset management firm located in Chicago, USA. The firm was founded in 1982 and has USD 12 billion of assets under management.

The strategy primarily invests in US small-capitalization companies with good growth potential and with a market capitalization within the same range at the time of investment as those included in the Russell 2000® Growth Index. Investment decisions are based on the belief that fundamentally strong companies are more likely to generate superior earnings growth on a sustained basis and are more likely to experience positive earnings revisions. Investment decisions involve evaluating a company's competitive position, industry dynamics, identifying potential growth catalysts and assessing the financial position of the relevant company.

Risk Warnings

The Fund is subject to special risk considerations including geographic concentration risk, portfolio concentration risk and operational risk. The investment return and principal value of an investment will fluctuate so that the investor's shares, when redeemed, may be worth more or less than their original cost. Any investor should consider the investment objectives, risks and charges and expenses of the fund carefully before investing. Where an investment is denominated in a currency other than the investor's currency, changes in rates of exchange may have an adverse effect on the value, price of, or income derived from the investment.
