OBJECTIVES AND INVESTMENT POLICY

Objective

The Sub-Investment Manager seeks to achieve its investment objective through an active, research-driven, fundamentals-based, value-oriented investment process. The manager adheres to disciplined, value-driven investment strategies that emphasise securities chosen through in-depth research and follows those securities over time to assess whether they continue to meet the purchase rationale. The research driven investment process seeks to add value through active management and by selecting securities of companies that, in the manager’s opinion, are misperceived and undervalued by the market.

The Fund is actively managed which means that the Sub-Investment Manager is actively making investment decisions for the Fund. The Fund is not managed by reference to any benchmark.
